

Truck Wheel Chock

Product Features:

- Tough and lightweight.
- U.V. stabilised and chemical resistant.
- Moulded-in handle included.
- Optional steel truck mount.

Wheel chocks for trucks and trailers

Our high quality moulded plastic wheel chock range is ideal for stopping vehicles, trucks, trailers and caravans from moving whilst not in use. Ideal for transport companies, mine sites and caravan owners.

Optional steel truck mount with spring retainer clip can be simply fixed to truck or trailer bodies to ensure the chock is always on hand when required.
