

SpillSmart General Purpose Pillows have been designed to contain larger amounts of fluid when a pad just isn't enough. They are able to be placed in hard to reach area's and are ideal for taking up accidental spills, drips and leaks. General Purpose Pillows will rapidly absorb hydrocarbon and water based spills including Oil, Fuel, Coolant, Degreasers, Brake Fluid and Paints. They are also effective for cleaning up body fluids, sewerage, milk and all non-aggressive liquids.

Manufactured with a poly spun bonded outer layer, they are filled with an organic cellulose absorbent and colour coded for easy identification. Use when conducting routine machinery maintenance, when dispensing hydrocarbons and non-aggressive fluids, around drums, under leaky seals and pipes, in storage area's and work area's where accidental spills may occur.

### Designed for:

- Indoor & outdoor land based spills
- Containing and absorbing fluids including Oil, Petroleum, Ethanol, Kerosene, Brake Fluid, Mineral Spirits, Turpentine, Water Based fluids and all non-aggressive liquids
- Absorbing leaks, drips and spills - during machinery maintenance, when dispensing liquids, under broken seals and leaking pipes, in storage area's and work area's where accidental spills may occur
- Automotive industry
- Warehousing and storage area's containing hydrocarbon and non-aggressive liquids
- Site maintenance
- Manufacturing industries

### Features:

- Compatible with Oil & Hydrocarbons, water based fluids and non-aggressive liquids
- Manufactured with a poly spun bonded outer layer containing a highly absorbent organic cellulose filling
- Colour coded 'Grey' – General Purpose for easy identification
- Fast wicking action
