

# Spill Kit

# 240L OIL & FUEL (Hydrocarbon)

EnviroSmart's range of Oil and Fuel (Hydrocarbon) Spill Kits contain highly effective products that will absorb hydrocarbon based liquids including oil, fuel, solvent and grease.

The 240L Spill Kit includes market leading SpillSmart FloorSweep to assist with these spills and non-aggressive water based liquids on hard surfaces. Plus - 100% polypropylene pads, socks and pillows for oil spills. Being hydrophobic, (repel water) they can also be utilised for removing hydrocarbons from the water surface. All of these inclusions are premium quality, high absorbency products.

SpillSmart products meet EnviroSmart's strict quality

control standards together with EPA leachate standards for disposal to landfill.

Our Spill Kits can also be customised to suit the specific requirements for spills most likely to occur in your and your customers work environment.

### Designed for:

- Workshops
- Mines
- Manufacturing plants
- Anywhere hydrocarbon based liquids are stored.

### Features:

- SpillSmart Floor Sweep – a fast acting absorbent for spills on hard surfaces
